Hi Drew,

Thanks for giving EPA the opportunity to comment informally on your pre-public draft 2012 IR. I am attaching a version in which we've inserted specific comments throughout the text. I am also attaching a document with additional general comments and concerns. Finally, at Jayne's request, I've included a version of the 2010 list with her inserted comments and track changes. She felt there were a significant enough number of comments that had gone unaddressed that it warranted resending it. Please feel free to contact me at any time if you have questions or need clarification about anything here. If we come up with any additional comments as the process progresses, I'll let you know right away. Thanks so much.

jill
